Sports- Athletic Station

Organization- Innovate Together.

People- We are all Innovaters.

Ads- Innovate In Ne ways.

Closing- From Now On We All
Innovate.

Opening Story

THE STORY
SO FAR

How did we come up with Innovation Station? Well, we first came up with Wonders Of The World but we all thought it was very plain and couldn't be changed alot. So Jay came up with Innovation Station and the team loved it. We then began to work with fun phrases and alterations for different sections of the year book, and it was going great.

Gulliver is a Place to Think Outside the Box

The theme should be **Innovation Station** because everyone in Gulliver is a station where students and faculty innovate for changes. People think outside the box to innovate for ideas and changes. Sometimes we can come up with ideas that can be improved with and everyone shares their thoughts to make it better.

Thank you!

Thank you for listening to our presentation! We hope you loved it
